STUDENT NEEDS PROFILE

Meeting your child's needs

The College offers a range of curricula and extra-curricula activities which all students can become involved in. Many of these activities challenge the students and, on occasion, a student with a disability may require special consideration in the student's best interest. Likewise, a student with a particular strength or talent may require special attention and nurturing. For these reasons, it is important that the College is made aware of your child's needs so that appropriate measures can be taken for the welfare and benefit of the student. All information collected regarding a student is kept in the **strictness of confidence**.
